'Prisoners of war are enjoying themselves! Contrary to what Red Army officers say - being a prisoner of war is not so bad'.

German printed Publication 649 Gg/111 43, Russian language surrender pass.

5 3/4" x 3 3/4". Very good to excellent condition. Printed on typical wartime paper that, while cheap, is not fragile and the printing on both sides is completely legible. We have a few, all are completely legible but have somewhat irregular margins.
