

### Anti-American and Support of North Korea Medal issued by Northeast provinces, #261, circa early 1950s.

Brass, enamel paint. Reverse shows stamped serial number 261 (note the typically low serial number; a couple of other specimens of this scarce medal we encountered in the past also had a serial number in three-digit range). Red suspension ribbon with gold stripes.

Excellent condition. The fragile original paint is completely intact, free of chips or flaking. Attractive toning to the brass on the reverse. The old, probably original ribbon is slightly faded but clean and sound.

Item# 33969

**\$120.00**
