

### Award Badge of Excellent Shock-Worker of the Chollima Movement, late version.

Aluminum, paint; the medallion measures 35.6 mm in height (incl. eyelet), 30.5 mm in width. The obverse shows mythical horse Chollima (or Chkhollima) with a rider carrying a torch. Features flat reverse of the medallion.

In excellent condition. The paint is nicely overall preserved; there are some tiny hairlines to the white paint that are probably manufacturing flaws, no other visible defects. The details of the center medallion are essentially perfect; the gold finish is almost completely intact and bright showing only tiny amount of wear to the raised points of the artwork and some tiny scuffs on the reverse. The pin attachment is intact.
