

Gold Tassels and Cord for a Soviet Award or Propaganda Banner, circa 1960s-80s.

The tassels measure about 4' end to end not counting the fringe, the cord is nearly 4-foot-long. Made in synthetic silk and with wood core.

In very good to excellent condition. There is only mild wear to the silk fabric which remains tight, without significant loose strands. This set can be an excellent accoutrement to a Soviet banner. These have recently become pretty difficult to locate!
