

Bulgaria, Police Special Accomplishments Badge, circa 1920s-30s.

In nickel-plated tin (the starburst), brass and high-quality enamels; measures 48.5 x 38.8 mm; weighs 12.9 g not including the screw plate. Very well-made award of three-piece construction: the Bulgarian Royal coat of arms and the domed oval center medallion are separate superimposed parts.

In excellent condition. The nickel plating on the rays as well as the enamel are perfect (what may appear as a chip on the left side of the red shield is in fact a slight manufacturing imperfection.) The screw post is full-length, well over 7 mm, and includes original screw plate showing the logo of a manufacturer in Sofia.

Please note, penny in our photo is for size reference.
