

Bulgaria, Medal in Commemoration of the 50th Anniversary of the September 1923 National Uprising, 1973 issue.

The medallion is in gilded brass, measures 33.5 mm wide. Very nicely made, featuring the artwork in high 3-d profile. Excellent condition.

This award was issued exclusively to the surviving participants of the unsuccessful communist-led rebellion of 1923. Because not many of the participants were still alive in 1973, the medal is fairly scarce compared to other Bulgarian jubilee awards.
