

Wall Plaque with Bas-Reliefs of Marx, Engels, Lenin & Stalin, circa 1940s-50s.

In bronze with gold paint coating. Measures approx. 9" x 6". A hole at the top is for mounting the plaque on the wall or on a larger display.

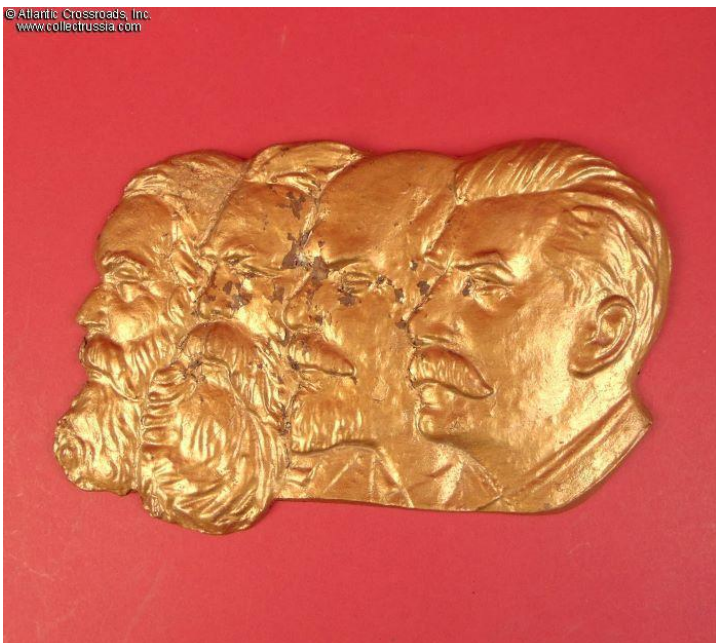

In very good condition. The paint coating is a little chipped off, mostly on Marx and Lenin, showing brown primer underneath, but a new coat of paint can take care of that, if desired. What is a few chips and cracks on their faces compared to the chips and cracks in their ideology!

Marx, Engels, Lenin and Stalin, two theoreticians and two practitioners. The Four Horsemen of Communism. They will make an ideal centerpiece and focal point of any serious collection of Soviet era artifacts.

Please note that the pen is in our photo for size reference.
