

Matching Set of 2 Plaques with Lenin's and Stalin's profiles, circa late 1940s - early 50s.

In white Bakelite, 4" across, with the profiles finished in bronze lacquer. Steel wire stands allow to position the plaques on a shelf.

In very good condition. The Bakelite is clean and without any scuffs, scratches or chips. The bronze finish has partly rubbed off the high points of the artwork but, fortunately, mostly just giving a little "gray hair" to the two leaders.

See more bas-reliefs and sculptures of Stalin in the ["Sculptures and Bas-Reliefs of Stalin"](#) section of our website.

Please note that the medal in our photo is for size reference.
