

Award Document for Order of the Rising Sun 3rd class, in original issue tube.

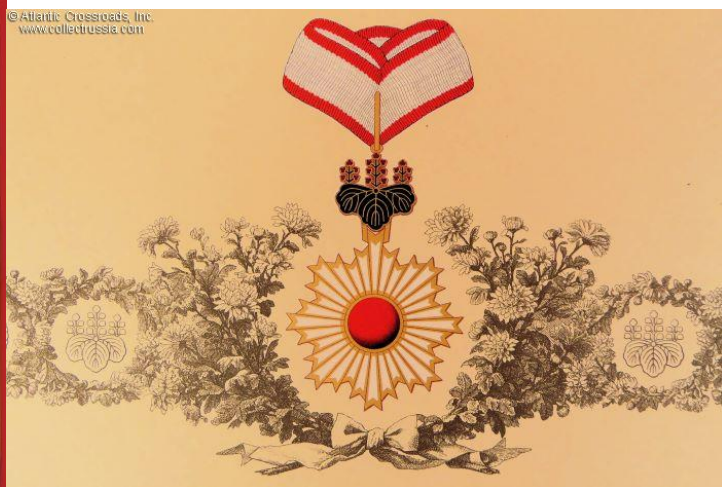

Large format measuring 23 1/4" x 16 1/2". Thick high-quality vellum paper. The lettering of the award is inside an exquisitely tasteful ornamental frame with two centerpieces at its top and bottom center. The document comes rolled up as a scroll, in the original tube of issue, in cardboard, laminated outside with paper imitating bamboo. The bottom has the maker's mark of the tube manufacturer.

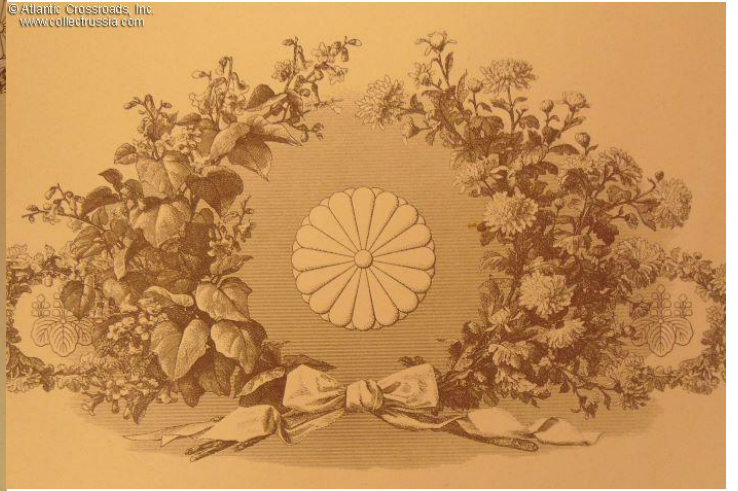

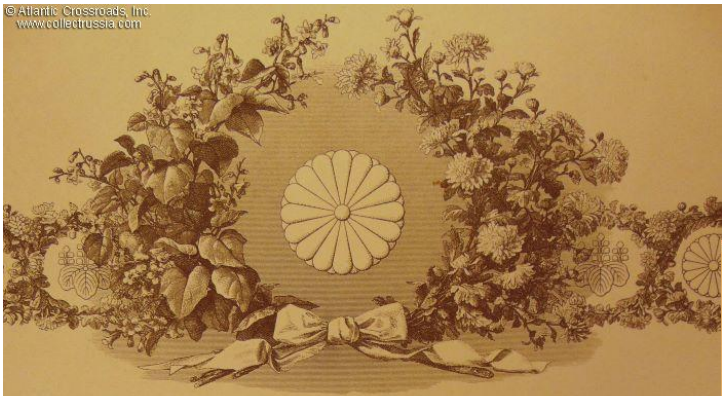

In very good to excellent condition. One small stain in the upper left-hand corner is the only wear visible to the naked eye. Both the printed ornament and the calligraphy and kanji lettering are pristine.

Please note that the 1-ft ruler in our last photo is for size reference.
