

Bas-Relief of Stalin, Wall Plaque in Solid Brass, circa late 1940s - early 50s.

While measuring only 4.5" x 5.5", the plaque weighs nearly 2 lbs. Finely sculpted, it conveys great likeness of Stalin's public image.

In excellent condition showing just a tiny bit of verdigris in the recessed areas, accenting the high relief of the portrait, and two tiny dings to his collar, barely noticeable and not detractive.

Please note that the penny in our photo is for size reference.
