

Photo ID issued to M. Guzovsky, member of the Central District of the Leningrad Council of Workers' and Red Army Deputies, 12th convocation, 1929.

In booklet format measuring 5" x 3", in hard cover wrapped in nice quality leatherette. The front cover features the title of the deputy: "Member of the Central District Council, XII convocation." Inside, the first page has Guzovsky's ID photo, and hand signature, validated by the seal of the Leningrad Council of Workers', Peasants' and Red Army Deputies, dated 9 October 1929. The second page certifies Guzovsky's membership in the council as a representative of "un-organized population of the Central District."

In very good to excellent condition. The cover shows minimal wear to the spine and corners, a raised crease at the spine, not too intrusive to the eye. The gold of the lettering on the cover has retained most of its original sheen. The ID page is partially separated but holding strong, and if desired, gluing it back will take but a minute. All the printed and handwritten text, seals and signatures are crisp, not faded and perfectly legible.

Please note that the penny in our photo is for size reference.
