

Trade Union of Aviation Workers, Kyrgyz SSR, Member ID issued on 19 March 1946 to Nikolai Lebedev.

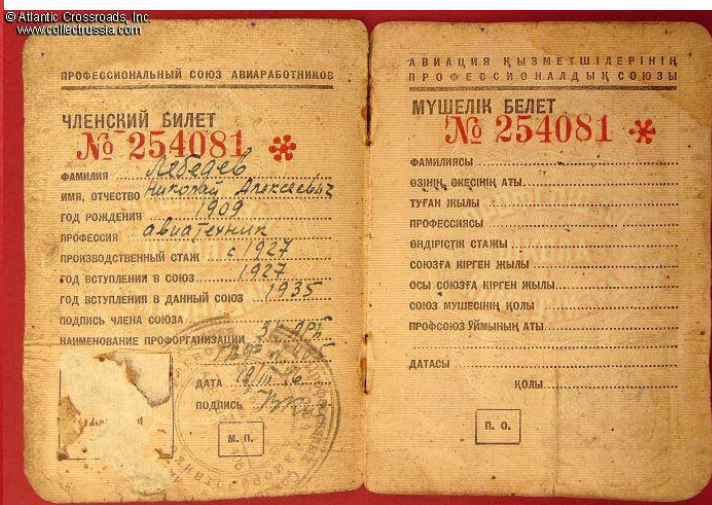

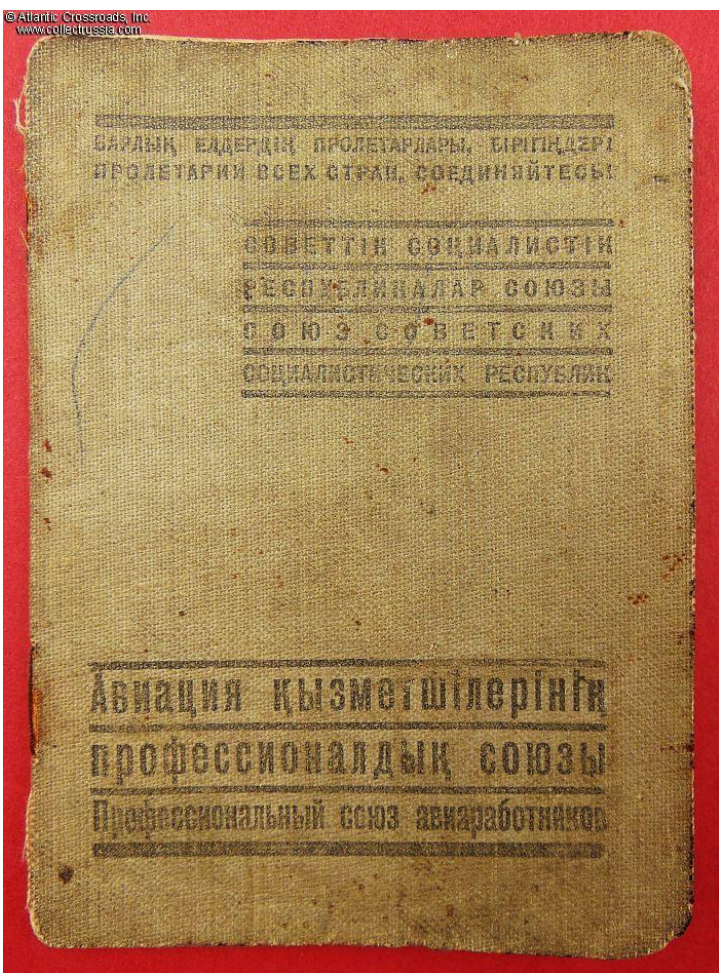

In booklet format measuring 3" x 4", in oilcloth-bound covers. The front cover is filled with lettering, reading, in Kyrgyz and Russian and top to bottom, "Proletarians of all country, unite!" "Union of Soviet Socialist Republics," and finally, identifies the document: "Trade Union of Aviation Industry Workers." The personal information is filled in only in the Russian-language page because Comrade Lebedev was clearly an ethnic Russian. The personal information entries state that Nikolai Lebedev was born in 1909, had been working since 1927 as an aviation mechanic, and joined this trade union in 1935. If we read the abbreviations correctly, he worked at an aviation repair factory.

In good condition despite considerable wear to the covers, including partial separations at the head and foot of the spine. The ID photo is missing. The internal pages show mild to moderate soiling and staining. However, all the printed and handwritten information is clear and perfectly legible.

Please note that the penny in our photo is for size reference.
