Fire Truck Operating License, issued on 16 May 1935 to Nikolai Rodionov.

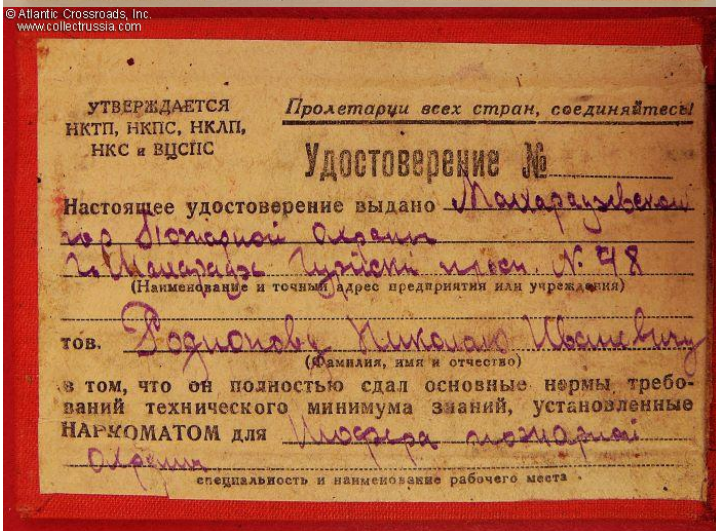

In booklet format measuring 4" x 2 3/4", in oilcloth-wrapped hard covers. The lettering on the front cover quotes Stalin: "Technology during the period of reconstruction determines everything." Below, the name of the document is stated as "Certificate of completing the technical minimum." The details inside state that Nikolai Rodionov had completed the full course of studies and passed the exams on the basic norms and required minimum of technical knowledge established by the People's Commissariat for drivers of a fire truck, and is thus licensed to work as a driver in a fire brigade.

In very good condition. The cover shows mild soiling. The paper of the document inside is mostly clean, the printed and handwritten text is clear and legible. The seal is rather faint, but clear enough to see words in Georgian or Armenian language besides Russian.

Please note that the penny in our photo is for size reference.
