

Group of 26 IDs and passes issued to Dmitrii Tyutin (Дмитрий Иванович Тютин), a high-level party and government official, possibly Head of the Chief Directorate of State Material Reserves of the USSR, mid-1930s - 1964.

All documents measure approx. 4" x 3".

The Chief Directorate of State Material Reserves administered strategic reserves of materials vital for continuation of functions of the population and the state economy in case of war, natural or man-made disasters, and any other extreme situations. The importance of this directorate and the post of its administrator can hardly be overestimated, and explains why Comrade Tyutin participated in session after session of the Supreme Soviet of the RSFSR and USSR, was invited to so many high-level meetings and celebratory political events, and given passes to VIP grandstands during demonstrations in Moscow's Red Square.
