

Stalin's 75th Birthday Anniversary Stamps, Sheet of 50, 1954, with 1955 Moscow postal cancels.

Each stamp measures 25.4 mm x 42.8 mm, the size of the sheet is 11 1/2" x 9 3/4".

In perfect condition. At times, postal authorities in various communist countries (and perhaps others) "pre-canceled" new stamps that they then sold to dealers whose customers wanted to collect only used stamps. It quite uncommon for entire pre-canceled sheets, particularly this old, to appear on the market.

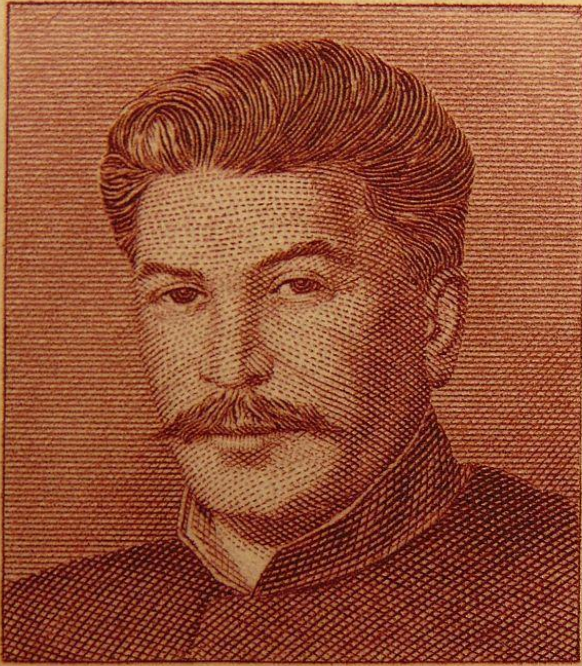

Please note that the pen in our photo is for size reference.
