

Lenin's bust in silumin alloy, circa 1970s, by V. Chebotarev, with the sculptor's name on the back of the plinth and on the manufacturer's paper tag.

Measures approx. 7 1/2" tall, 8 1/2" wide, 5" deep. The rectangular plinth is roughly 6" x 4". The sculptor's name, V. Chebotarev, is seen on the back of the plinth and stated on the manufacturer's paper tag glued to the inside.

In excellent condition, showing just a light smattering of oxidation spots, not easily noticeable or detractive.

Please note that the medal in our photo is for size reference.
