

Order of Maternal Glory 2nd class, Variation 2, #517243, circa mid-1960s issue.

The medallion is in silver gilt and enamels; measures 41.2 mm tall incl. eyelet, 29.8 mm wide. Weighs 21.1 g not including the suspension and connecting link; overall weight with suspension is 27.7 g. The suspension is in silver-plated brass and enamels. Stamped mint-mark to the reverse of the pendant. The serial number is hand-engraved in an early style.

In outstanding, excellent condition. The enamel is perfect throughout, free of even the tiniest flakes or scratches that could be found under a 10x magnification - a very uncommon case! The details of the pendant are pristine. Attractive patina to silver parts. Overall, a superb example - literally impossible to upgrade.
