

Leather Presentation Folder with Embossed Bas-Relief of Stalin, Inscribed, Dated 21 January 1952.

Large format measuring 9" x 13". In genuine embossed leather with a large high-3D profile of Stalin on the front cover. Inside, the folder has two pockets on the left side for small documents and a leather strip on the right side for holding large documents. The handwritten inscription inside reads "To dear Papa on his birthday from his large and close-knit family. Moscow, 21 January 1952."

In very good to excellent condition. A little wear to the spine, a small stain to the back cover, and a few tiny scuffs to the raised points of Stalin's portrait is the only visible wear, not very obvious or detractive.

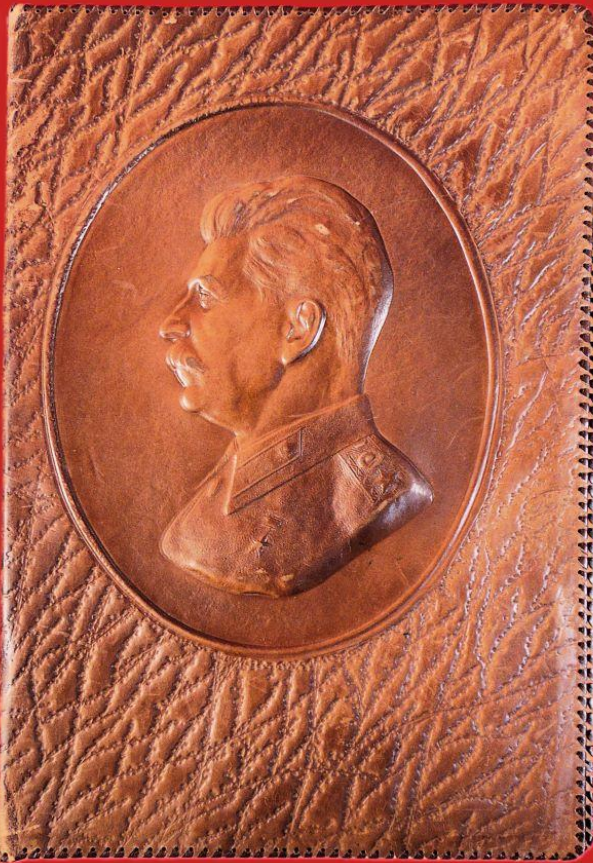

It appears that "Dear Papa" was probably a high-level Party or government functionary to deserve such a luxurious and politically correct birthday present from his own family.

Please note that the pen in our photo is for size reference.
