

Mongolia, Medal for Victory over Japan, Variation 2, #20848, late 1940s.

In gilded brass and enamels, stamped serial number to the reverse. Medallion measures 42.4 mm in height incl. eyelet, 39.7 mm in width. This is the second, scarcer version of the medal featuring a relatively flat reverse. Excellent quality.

In excellent condition. The gilt is beautifully preserved and bright on both sides of the medallion, having only minimal amount of tarnish that adds character, no blemishes or excessive oxidation. The enamel is essentially perfect throughout, including the suspension, star and white Soembo emblem in the center - a very uncommon case. The screw post is full length, nearly 13 mm, and includes an original screw plate maker-marked "Moscow Artists Cooperative".
